INTRODUCTION

This course will have two full days on live surgery.

All surgeries will be shown in detail with pre-operative photos and pre-operative planning videos, showing drawings and measurements of the patients. During the operations, all tips and tricks for each technique will be performed by the main surgeon, while the audience can interact with written questions through a chat. Moderators will facilitate the discussion.

PLANNED SURGERIES

- ① Nipple sparing mastectomy with pre pectoral implant reconstruction usign Braxon
- ② Nipple sparing mastectomy with sub-pectoral immediate reconstruction with implant or tissue expanders
- ③ Quadrantectomy and oncoplastic surgery
- ④ Expander change with impiant + ADM (after radiotherapy)
- ⑤ Ruptured implant replacement
- ⑥ Reduction mammaolasty, Mastopexy and implant augmentation
- ⑦ TRAM flap
- ⑧ Fat grafting

Thursday, October 27, 2022
Program starts at 8 am CEST

Operating theatre B2	Operating theatre B3
<p>Patient S.C. Surgeons: Intra, Rietjens Left nipple sparing mastectomy + BLS + reconstruction with implants (possible pre-pectoral with Braxon) + contralateral breast augmentation</p>	<p>Patient M.V. Surgeons: Veronesi, De Lorenzi Case to be confirmed</p>
<p>Patient E. R. Surgeons: Rietjens, Barbieri, Colombo Right hand side breast reconstruction with monopedunculated TRAM + left hand side breast reduction</p>	<p>Patient I. L. Surgeons: Rietjens, Bottoni Capsulotomy and left hand side expander replacement with implant + right hand side breast augmentation</p>
	<p>Patient M.R.R. Surgeons: Rietjens, Bottoni Suspect right hand side implant rupture Capsulotomy + both implants replacement</p>

Friday, October 28, 2022
 Program starts at 8 am CEST

Operating theatre B2	Operating theatre B3
Patient M.V. Surgeons: Caldarella, Rietjens Full right hand side mastectomy + axillary lymphadenectomy + implant reconstruction + left hand side mastopexy	Patient F.T. Surgeons: Galimberti, Garusi Left hand side breast quadrantectomy (fillode) + bilateral breast reshaping
Patient K.F. Surgeons: Rietjens, Gottardi Bilateral profilactic mastectomy + pre-pectoral reconstruction with implants + Braxon	Patient E.R. Surgeon: Garusi Left hand side breast lipofilling
Patient A.R.Z. Surgeons: Rietjens, Gottardi Capsulotomy + left hand side expander replacement + Native collagen patch + right hand side reduction mastoplasty	Patient G.D. Surgeons: Rietjens, Bottoni Right hand side breast augmentation + Native collagen patch + lipofilling + left hand side mastopexy

FACULTY

Scientific directors:

Mario Rietjens
Paolo Veronesi

Scientific Coordinators:

Francesca De Lorenzi
Viviana Galimberti

Honour remote Invited Faculty:

Jean Yves Petit (FR)

Remote invited Faculty:

Fabrizio Brenelli (BR)
Giuseppe Cuccia (IT)
Francesco Klinger (IT)
Regis Paulinelli (BR)
Virgilio Sacchini (US)
Cicero Urban (BR)

Breast Cancer surgeons (IEO):

Pietro Caldarella
Viviana Galimberti
Mattia Intra
Paolo Veronesi

Plastic surgery surgeons (IEO):

Benedetta Barbieri
Manuela Bottoni
Giulia Colombo
Francesca De Lorenzi
Cristina Garusi
Alessandra Gottardi
Mario Rietjens

COURSE LANGUAGE

English

LIVE COURSE AND STREAMING

The whole course will be broadcasted in streaming with high quality images. It will be transmitted live and recorded to allow the connection from different time zones.

Live streaming with chat:
starting at 8 am to 6 pm (CET)

REGISTRATION FEE

Euro 150,00 (VAT included)

The quote allows the access to the Live streaming and access for 1 one year to review all edited surgeries on demand
